## **7. Correspondence**

### **7.1** Email from Local Resident regarding weeds by property

Property in Corminster Avenue has overgrown weeds at the rear of their property, these have never been cleared by the developers. The resident is unsure who is responsible for these?

### **7.3** Email from A&S Events: Remembrance Day

They are in talks with the local vicars and are wondering if the Parish Council have been having any discussions on Remembrance Day.

### **7.4** Email from Brake (road safety charity): National Road Safety Week

National Road Safety week 2020 will be 16<sup>th</sup> – 22<sup>nd</sup> November. Banners and other materials available to display to local residents to raise awareness.

### **7.5** Email from Aylesham HUB Ltd: Statement on Station (Freddy's) Field

The Board of Aylesham Hub Ltd has decided unanimously to withdraw plans to deliver our project to build a community facility on land at Station Field, Aylesham. This site has been offered by Dover District Council to Aylesham Hub (previously the Village Hall project) to build a new social and community centre to serve this fast growing community. We have concluded, however, that siting the project on Station Field, (near the skate park, St Joseph's School and the railway station), would not be in the best interests of the village. The loss of public open space on a much loved and treasured area would be too detrimental to the area. We have listened to the concerns of residents in making this decision. We propose that the area promised to the Hub be placed in trust for the community to keep it in perpetuity as public space, accessible, and as an environmentally positive facility for the village. This is not the end of the Aylesham Hub project. We are talking to other organisations in the village about creating a first class facility for Aylesham, Snowdown and the villages. If these discussions fail to bear fruit, we will go back to Dover District Council to discuss locating the Aylesham Hub project elsewhere."
